

Columbia Riding Club

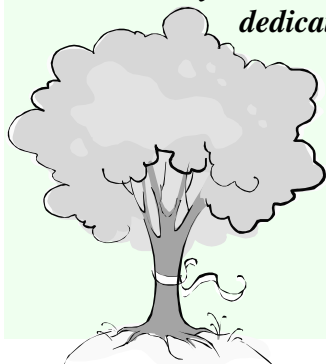

## Adopt A Tree Program

The Columbia Riding Club is committed to constantly improving the conditions and atmosphere of our beautiful show grounds, and this time we would like to offer something different.

- We will have “up for adoption” several new trees already added around our show rings.
- Not only will they provide shade from the sun and beauty, but with your help they will signify someone/something important to you.
- Express your passion by donating towards a tree, and choose your Farm name, your name, a loved ones name, a horses name, etc.
- The options are endless, and at the same time you are adding support to your local riding club and members.

If you are interested, please submit the form on the back of this flyer via mail, with your donation and details, to the name provided.

*We thank you ever so much for your continued support and dedication to the success of CRC.*

**What better way  
to dedicate a  
memorial to a  
loved one, farm,  
or animal?**

*Our club house and show grounds are located at Eighteenth and Franklin Streets, Columbia, Pennsylvania. Columbia Riding Club has been active in the equestrian community for over 50 years.*

*How deep are your roots?*
